Objective

Creative Design Engineer specializing in design, web, motion, still, video, and AI-powered visual solutions. Strong expertise in Generative AI tools for image and video creation, concept visualization, and creative enhancement, combined with hands-on proficiency in Adobe Creative Suite (Photoshop, Illustrator, InDesign, Lightroom, Adobe XD) and video editing tools such as Adobe Premiere Pro and CapCut. Experienced in photography, videography, color correction, retouching, and end-to-end post-production workflows. Passionate about building visually compelling, brand-aligned digital experiences and leveraging AI-driven creativity to deliver innovative, high-impact multimedia content while continuously evolving in a dynamic creative environment.

Work Experience

Creative Designer – QixAds

March 2025 – Present

- Designing branding assets, posters, videography, and photography for marketing campaigns using Adobe Creative Suite and AI tools. Skilled in professional video editing with smooth transitions and motion graphics to boost audience engagement, delivering impactful digital content across social platforms.

Freelance Photographer & Videographer

Self-employed [December 2023 – February 2025]

- Specialized in capturing high-quality photos and videos for wedding, portraits, and promotional content. Managed end-to-end production, including filming, editing, and delivering final assets to clients, ensuring a seamless and creative visual experience.

Assistant Photographer – CAPITOL THEATRE

July 2023 – February 2024

- Assisted in capturing and editing wedding photos, managing equipment, and ensuring high-quality shots.

Graphic Designer – CREAZONE BRANDING MEDIA

March 2022 – February 2024

- Developed creative design solutions for branding, advertising, and digital media, collaborating with clients and teams to ensure high-quality visual outcomes.

Education

BA Multimedia, Majlis Arts and Science College Valanchery,

Under Calicut University

Graduated: March 2025

Interests and Hobbies

Passionate about photography, videography, graphic design, and football, with a focus on creative storytelling, design impact, and sports.
